ABOUT ME

I'm a creative, entrepreneurial software engineer with strong organizational and time management skills. A reliable team player and fast learner, I bring leadership experience, code testing proficiency, and a knack for intuitive UI/UX design to every project. My dynamic skill set and commitment to excellence make me the ideal candidate for software development success.

EXPERIENCE

Full Stack Software Engineer
Drov Technologies | Oklahoma City, OK | August 2020- present

- Led the adoption of Angular framework, enhancing overall user experience and system efficiency.
- Drove a significant 260% increase in company website traffic within one month through effective web optimization strategies.
- Managed critical AWS services with expertise, ensuring seamless cloud computing operations.
- Utilized design tools to craft advanced wireframes, prototypes, and icons, elevating product design and user experience.
- Engineered and implemented secure Role-based Access endpoints, guaranteeing data integrity and user authentication.
- Authored documentation adhering to official coding standards, aligning development efforts with company goals.

COMMUNITY LEADERSHIP

Board Member, Conduct Chair, & Moderator
Techlahoma | Oklahoma City, OK

- Spearheaded efforts as one of the few Slack moderators, preventing spam and enforcing community rules.
- Ensured proper conduct at various local events, contributing to a positive and inclusive community atmosphere.
- Played a pivotal role in budget decisions and long-term vision as a Board Member, impacting the success of the organization as a whole.

EDUCATION

Coding Dojo - Full Stack Development: Python
Online | 2019-2020
16 week intensive coding bootcamp. 1000+ hrs of coding
Awarded Black Belt for Python Exam (top 5% of class) - Deployed with AWS

Bachelor of Science - Music Business with Classical Guitar Emphasis
Southern Nazarene University | 2010- 2014
GPA 3.7
